If you have not taken advantage, now is your opportunity.

J. V. BERSCHT

Didsbury

Dramatic Festival Coming to Grand, Calgary, May 27th, 28th, 29th.

Guy Bates Post, the great American actor, comes to the Grand in the most significant dramatic success of his brilliant career, "The Mosquerito." The play was written by John Hunter Bock from the fascinating novel of the same name by Katherine Cecil Thurston, which has had so much vogue. The producer is Richard Walton Tolly, who has produced a most elaborate scenic equipment and an admirable supporting company.

Post has triumphed in "The Mosquerito" for two seasons, playing lengthy runs in the principal centers and western cities. He also toured Australia with tremendous success with the original company, the same which will be seen in Calgary, and called forth wonderful eulogies from the Australian critics who unanimously declared that Post's appearances were the most important ever registered in the Antipodes by a visiting player.

Included in Post's support are such well-known players as Alice Delia, Edwyn Eaton, Clarence Handside, Audrey Anderson, Reynolds Carrington, Ruby Graham, Katherine Raynor, John Peers, Gerry Connel and others.

On the Job

It is a pleasant thing to find the man who knows his trade, he ornaments the human kind, his fame will never fade. I take my car to divers shops to have the works repaired, what time the carburetor pops and busted wires are bared. And one will toll around all day and make the blamed thing worse, and if he duly gets his pay, he earns no tinker's curse. Another breaks a costly piece as with a sledge he beats, he smears a lot of mud and grease upon the velvet seats. And then I find the able agent who knows just what to do, he finds the rickman that is bent, the one that's broke in two. He diagnoses my old boat as some great surgeon might and he restores my errant goat and fills me with delight. In ten brief minutes he has found just what the motor stuck, he shifts makes the wheels go round and takes me one back. His shirt is damp with motor oils, he is in grime arrayed, but has my blessing as he tells the man who knows his trade.—Walt Maron

Trains Collide in C.P.R. Yard

Two C.P.R. freight trains came together in a head-on collision in the yards here about 11 o'clock Saturday night. The south bound train was standing on the main line and the north bound train was to have taken the siding. The engineer of the north bound claimed his brakes failed to work and he could not stop.

Several cars were badly broken up and about 20 cattle were killed, but the crews of both trains fortunately escaped without injury.

The line was blocked for some time, delaying the north bound passenger for several hours.

Didsbury Should Have Band

We have had several inquiries recently about a band in Didsbury, some of them in regard to having the organization, if one existed, to play for sports days, fairs, etc. Cannot, or will not, some energetic individual with some executive ability take this matter up and organize a band here? The material and instruments are here, at least most of the instruments, consequently there should not be much difficulty in creating such an institution. A band is an excellent source of entertainment in a town, as well as a good advertisement.

Poisonous Plants of Canada

The old saying that "One man's meat is another man's poison" appears to be true in the case of different kinds of live stock. It is a fact that some plants which poison horses are not injurious to cattle or sheep, and some which cause loss among cattle and sheep are not eaten by swine and horses. In Bulletin No. 39, Second Series of the Experimental Farms, "Principal Poisonous Plants of Canada," by Miss Faith Fyles, B.A., obtainable free upon application to the Publications Branch, Department of Agriculture, Ottawa, a list of plants which do injury to the various classes of animals is given. The bulletin, which is prepared for live stock owners, gives information regarding poisonous plants and enables the farmer to distinguish the most harmful species in his neighborhood so that he may be able to avoid pasturing animals on infested areas until the danger is past. The yearly loss due to plant poisoning is known to be on the increase but the amount of the loss is not ascertainable because many fatalities are attributed to other causes through lack of knowledge of poisonous plants.

WEDNESDAY, MAY 19, 1920

While officiating on the pensions board, General H. H. McLean made a remark to the effect that the "widows of private soldiers were all from the servant class and were not deserving of larger pensions." This statement was a remarkable display of ignorance or arrogance, or both, and caused great indignation among not only returned men, but the general public as well. The Western Veteran makes the following comment on what that paper calls his "glaring indiscretions."

"From the first report of his glaring indiscretion at the meeting of the Committee on Pensions he appeared to be under the impression that the wife of the average Canadian soldier had belonged to the class of domestic servants, and as such, should not be encouraged to live in luxurious idleness by granting her too generous a pension. It is certainly no wonder that such a display of arrogant military snobbery aroused a storm of indignation and that men like Colonel Peck, V.C., and Colonel Cooper felt called upon to resign. There is, of course, absolutely nothing to be despised in the status of a domestic servant, who is indeed rather to be pitied as too often a harmless underpaid drudge. But it was felt that the intention to insult, to cast an undeserved slur, was there and it was resented as it should be.

"With the aid of the official reporter's notes, Gen. McLean has since then tried to put himself right and take shelter from the storm. He alleges that what he did say was that 'most of the private soldiers who married servant girls were in the class who were earning their living before.' General McLean, whatever his qualities as a soldier, cannot be congratulated upon the lucidity of his English, for a more cryptic sentence has hardly ever been uttered since the old oracles ceased to puzzle their votaries. It is not surprising that the gallant general was pressed repeatedly for some intelligible explanation by Mr. McNeill on behalf of the G.W.V.A., who himself interpreted it as an allegation that the majority of the widows of soldiers came from the servant girl class, and it is worthy of note that no clear explanation was forthcoming. The hole is, indeed as big as ever, and the mystery which seems to attend the expunging of a portion of the minutes of the meeting, together with the report that the official stenographer's notes were not checked to discover what was actually said, does not in the very least tend to diminish its dimensions.

"Where so much is uncertain, there is one fact beyond doubt or dispute. Not only the soldiers, but the whole body of the people of Canada, the military snob always excepted, will refuse to stand for any reflection on the women who gave their husbands for Canada and the Empire. It is an open secret that, in the C.E.F., the private was often of quite as good social position as the officer who rejoiced in the glories of a 'Sam Browne,' and even if he was not, his widow is quite as deserving of consideration as any woman in the land. We are all sick of the policy of petty discrimination, of making fish of one and flesh of another in the matter of pensions. General McLean's statement, whatever he did really say, only calls attention more markedly to an intolerable

system which may please the military swell of (fancied) exalted social position, but which does not appeal to anyone with a sense of fair play and even-handed justice. We wish General McLean a happy release from his awkward predicament, but we have our doubts. At any rate, in the absence of a fuller and franker apology, we are certainly of opinion that his usefulness on the Pensions Committee is definitely at an end.

Board Estimates The Value of Wheat Certificates

Winnipeg.—James Stewart, chairman of the Canadian wheat board, announces that the value of the "participation certificates" will not be less than 40 cents per bushel.

The official statement of the board reads as follows:

The Canadian wheat board feels that some idea should be given as to the probable value of the participation certificates issued by the board. The wheat has not all been marketed by the farmers, and it is indeed difficult to estimate closely the quantity remaining in their hands to be marketed before the new crop. Other factors enter into the situation, such as the value prevailing when and as the wheat is marketed, as well as the quantity required for domestic use before the new crop, a late harvest making a difference of several million bushels.

Notwithstanding this, the board estimates that it should be able to pay at least 40 cents per bushel against the wheat represented by the participation certificates.

At the conclusion of the present session complete returns of the year's operations will be made known, and a final report as to the full value of the participation certificates will be issued.

Registration in Manitoba

To Register For Next Fall Vote On Dry Province

Winnipeg.—Registration for the coming provincial general election, it is officially announced, will begin in Winnipeg at 143 polling divisions on May 10 and extend over the next two days. But it is not registration for this election alone. Some time in the late summer or early fall the people of Manitoba will be given an opportunity of saying whether they want a bone dry province or not. Those who register will have the opportunity of expressing their views by the ballot. Those who do not will not have this right.

Price for 1920 Crop

Ottawa.—It is freely predicted in authoritative quarters that the price of the 1920 crop will be higher, some members believing that it will go to \$300 per bushel, provided there are no internal troubles in any of the larger countries of the world.

Continuance of the wheat board is still looked for, in view of the fact that European governments have practically decided to stand together.

Hun Delegation Reaches London
London.—A German delegation, headed by Dr. Zeelinger, has arrived in London to settle with the maritime section of the reparations committee the questions of the remaining ships to be handed over to the allies.

LET "DANDERINE" BEAUTIFY HAIR

Girls! Have a mass of long, thick, gleamy hair

Let "Danderine" save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, thin, scraggy or fading. Bring back its color, vigor and vitality.
Get a shicent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp; check dandruff and falling hair. Your hair needs this stimulating tonic, then its life, color, brightness and abundance will return—Hurry!

All Want Representation

Other Dominions May Ask For Privilege of Individual Ambassador

Montreal.—A London cable to the Montreal star says: "If Canada is permitted to establish an individual diplomatic representative in Washington, three other great British colonies may be expected to ask for the same privilege. This is the personal opinion of several members of the foreign office staff. The dominions referred to are New Zealand, South Africa and Australia. These officials take the view that the dominions should be accorded the same freedom in conducting their international traffic, customs, boundaries and immigration affairs. The only matters which should be strictly reserved for the British ambassador are those pertaining to the foreign policy of the empire as a whole, they believe."

Wilson Is Criticized

No Excuse at All For Prolongation Of War, Says Senator Knox

Washington.—Opening the debate on his resolution to declare the end of war with Germany and Austria at an end, Senator Knox, Republican of Pennsylvania, declared in the senate that President Wilson was arbitrarily maintaining that the U.S. technically was at war in order to coerce the senate into ratification of the Treaty of Versailles.

"There was no excuse whatsoever for greatly prolonging the war beyond the signature of the armistice," Senator Knox said, "and the only explanation for so doing was the deliberate aim to retain all those autocratic compulsory powers, with which the executive had been endowed for the prosecution of the war, in order that they might be used for other purposes."

Declaring that he entertained only sympathy for the president in his illness and "sympathy for the country which must suffer under him because of it," Senator Knox said it was an unwelcome task to judge one who has fallen in public esteem. The Senator then launched into a severe criticism of the president for his "stunt pat attitude" in regard to the treaty.

Strangled Girl At Own Request

Alleged Confession Is Placed As Evidence in Trial on Charge Of Murder

Pontiac, Mich.—The state has closed its case in the trial of Anson Best, charged with the murder of a 16-year-old girl, and a few character witnesses were examined for the defence.

Best, it was said, would probably take the stand in his own behalf. After the introduction of an alleged confession, newspaper men who interviewed Best related the prisoner's alleged statements that he had strangled the telephone operator at her own request.

County officers placed on the stand declared they had not used force in obtaining the alleged confession, as claimed by Best when he repudiated the statement attributed to him by Prosecutor Gillespie.

Further Advance in Paper Prices

Washington.—Further advances in print paper prices are to be made by the International Paper company on July 1, said a telegram from Chester W. Lyman, vice-president of the company, which was presented to the senate committee now investigating the paper shortage. The message was addressed to Joseph Pulitzer, Jr., publisher of the St. Louis Post-Dispatch.

Hindenburg's Statue Is Confiscated
Berlin.—The colossal Hindenburg war statue, standing in front of the Reichstag, has been confiscated by the police. This action was taken in order to prevent the possibility of disorders in the event of its being moved from Germany.

Permanent Board To Buy Supplies

Business Interests Throughout Country Send Resolutions to Government

Ottawa.—Communications from the business interests throughout the country have been received by the government favoring the bill to establish a permanent board for the purchase of government and other supplies. Resolutions in approval have been received from the boards of trade of Vancouver, Calgary, Moose Jaw, Medicine Hat, Saskatoon and Winnipeg, the associated boards of trade of British Columbia and the Canadian Manufacturers' Association. The point generally taken in the question is that the establishment of such a board would mean greater economy in the purchase of supplies and give every man engaged in the business a fair chance to compete.

Ontario Liquor Laws

Board of License Commissioners Is Given Greater Measure of Control

Toronto.—Amendments to the Ontario Temperance act introduced by Hon. M. C. Nixon in the legislature reduces the minimum penalty to be imposed on persons having liquor illegally in their possession from \$300 to \$100. The maximum penalty that may be imposed under the act is increased, however, from \$100 to \$2,000. Either a fine or imprisonment may be imposed at the magistrate's discretion.

The board of license commissioners is given a greater measure of control over the number of prescriptions issued by physicians by being empowered to refuse to honor prescriptions issued too provisionally. The allowance of liquor to dentists for medicinal purposes is increased from six ounces to one quart.

A person convicted of a breach of the Ontario Temperance Act will be forbidden to have liquor in his home, even if he moves from the house in which the liquor was kept. This prohibition remains in force for a year following the conviction.

Persons convicted of being drunk or disorderly twice within three months may be committed to jail or to an industrial farm for a period of not more than three months.

Certain ships on lakes or rivers within the province are made responsible for infractions of the act which may occur on their vessels.

Improvement without the option of a fine is made the penalty for persons who are intoxicated while in charge of a motor car under a bill introduced by Hon. W. E. Roney. Dr. Stevenson of London, suggested confiscation of automobiles while the owners were in prison.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California Syrup of Figs" for the name California on the package, then you are sure your child is having the best and most natural laxative or cathartic for the little stomach, liver and bowels. Children love its delicious fruit taste. Full directions for children's use on each bottle. Give it without fear. Mother! You must say "California."

North Schleswig Becomes Part of Danish Territory

Forced to Economize

Former Kaiser's Horse Stable Is up For Auction

The Hague.—Horses, carriages and harness belonging to the former German emperor, including a set of gold mounted harness presented to him by the Pope, are offered for sale in a display advertisement in the Handelsblad. The advertisement is signed only with a number, but it is agreed to furnish photographs and other information. So far as the Associated Press is able to learn, no doubt exists that it is Count Holtenhoj himself who is disposing of the goods. For some time past rumor at Amersongen has had it that the former emperor's financial condition has not been thriving.

Best Medicine He Has Ever Taken

FATHER TELLS OF SON'S HELP FROM DODD'S MEDICINES

He Recommends Everybody Who Has Shaking or Pain in the Heart to the DODD'S Kidney Pills and Dodd's Kidney Pills.

Birmingham, Sask., May 10th.—(Sheehy Pills and Dodd's Dyspepsia Tablets are the best medicines my son has ever taken.)

This is the statement of Mr. Johannes Reinson, a well-known resident here. "When he started to take them," Mr. Reinson continues, "there was not much hope of him. Soon after starting to take the Dodd's Medicines he began to improve in health and now he is well."

The Dodd's Medicines are the two essentials to good health. The Tablets help to keep the food and produce good blood. The Pills act on the kidneys, draining and strengthening them, thus ensuring that the blood is kept free from impurities. For the world of healthy kidneys is to train all impurities out of the blood.

Ask your neighbors if Dodd's Kidney Pills will not lead and strengthen the kidneys.

British Trade Improving

Unemployment Is Less Now Than in Any Period Before The War

London.—Sir Robert Horne, president of the board of trade, speaking at a dinner of the London chamber of commerce, said that the present state of British trade showed that the nation could go forward with the greatest confidence. Unemployment, he said, was today lower than at any period before the war, although about eight hundred thousand more people were now engaged in industry. About 85 percent of the returned soldiers had now been absorbed in industry.

Among the guests were Sir George Perceval, Canadian high commissioner and Sir Louis Gouin, premier of Quebec.

To Repatriate Huns

Two Hundred Thousand Prisoners in Russia Said to be in Terrible Condition

Washington.—Dr. Fridtjof Nansen, the Norwegian explorer, probably will head the organization to be set up by the League of Nations for the purpose of repatriating 200,000 German, Austrian and other war prisoners still held in Russia. Reports to be submitted to the league council at Rome this month say that unless these men are rescued from their prison camps in Siberia before next winter few of them are likely to survive. They have been in captivity for five years.

Votes for Women

Cape Town, Union of South Africa.—The house of assembly has passed a resolution favoring the extension of the parliamentary franchise to women.

W. N. U. 1315

Copenhagen.—Danish troops have occupied Northern Schleswig, the people of which on February 10 last, in a plebiscite provided for by the peace treaty, voted by a large majority for a return of this part of the territory to Danish nationality.

The Germans had been in control there since 1866. Enthusiastic scenes accompanied the arrival of the Danes at Sonderburg. There the entire population, among them a number of aged persons, who still remembered the rain of German shells on the town 36 years ago, and about 50 veterans of the war of 1864 were out to cheer them.

A force of Danes also arrived in Haderslev (Hadersleben) and were welcomed by a crowd estimated to aggregate 20,000. Danish and French troops marched through beflagged streets to the barracks, where, amid great rejoicing, the German colors were hauled down and the Danish flag hoisted. At Tondern, British troops were drawn up to receive the Danes.

Admiral Sheppard, commander of the allied occupation forces, will officially transfer the military authority to the Danish commander at Sonderburg.

In the war of 1864, Prussia and Austria won the dukedom of Schleswig and Holstein from Denmark. Two years later Prussia's victory over Austria resulted in the incorporation of the duchies in the dominions of Prussia with the provision that the people ultimately should decide their nationality by plebiscite. This agreement never was kept by Prussia and was repudiated by her on the formation of the German Empire in 1871.

Canadians at Labor Conference

Meeting to be Held in Genoa on June 15 Under Auspices of the League of Nations

Ottawa.—Canada will be represented at the second International Labor conference called under the auspices of the League of Nations. The conference is due to open in Genoa, Italy, on June 15. The Canadian delegates will be: Government, Sir George Perceval; Labor, Sir Robert Horne; C. J. Desbarres, deputy minister of naval service; Employers' Thos. Robb, Montreal; Shipping Federation of Canada; Workers' G. J. Gauthier, Montreal; seamen's union.

The conference has been specially called to deal with labor questions affecting seamen.

Volcano Eruption

New York.—Indications that a volcanic eruption is taking place on the island of Providence, belonging to Colombia, and 120 miles off the coast of the Caribbean sea, were reported today by the United Fruit Company steamer Calanques.

Highland News

Last week several young men of military age came through Highland on their way home. No doubt these men heard the war was over but believed in safety first, so preferred to stay another year in the hills.

In another week the people around Highland can get on the land to work.

Grandpa Rhoades wrote back to Highland and said that when he went to Acme there were no roads, just a space between two fences. We cannot expect him home for a long time now as he is running a steam plow for his son, Mr. Heaton.

The new law of 1920 states that no one can fish in any stream only the Bow River and the Big Red Deer on account of millions of young fish having been deposited. That will be rough on some people who wish to fish in the little Red Deer. Poor Fish.

Things to Remember

Cold tea should be used when cleaning varnished paper.

Blacklead will give a brighter polish if mixed with vinegar and soda.

Stewed fruit that has been sweetened too much will taste sharper if lemon juice is added.

Paraffin rubbed into the scalp occasionally acts as a tonic and keeps the hair in good condition.

"Yes, madam, this is the grade of Imperial Polarine specified for your car by the Imperial Polarine Chart of Recommendations, and you will always find Imperial Premier Gasoline of uniform high quality. My customers have learned that operating costs are kept at a minimum through using Imperial Polarine exclusively."

Reduced Operating Costs

IMPERIAL Polarine reduces automobile operating costs in many ways. By providing a piston-to-cylinder seal which assures maximum power. It helps to save friction waste in every moving part, keeps the engine running smoothly and out of the repair shop and minimizes depreciation.

Imperial Polarine prevents friction by coating every wearing surface with a heat and wear-resisting oil film. It seals all the power in the piston chamber. Imperial Polarine gives correct lubrication to every part of your car.

One of the three grades described below is specially suited to your motor. Look for the Imperial Polarine Chart of Recommendations when you buy oil and learn which grade to use.

Imperial Polarine is sold in sealed gallon and four-gallon cans, 12½-gallon steel kegs, steel half-barrels and barrels, by dealers everywhere. There is an appreciable saving in buying half-barrels and barrels.

Trucks in Western Provinces

Value of the Truck in Hauling Grain
To Market

In the western provinces of Canada the farmers are all future truck buyers. Many of these farmers are situated at from ten to sixty miles from railroads. The estimated cost for hauling grain is .03 per bushel per mile.

A good team of horses will haul 75 bushels at a speed of 2 1/2 miles per hour.

A two-ton truck will haul 80 bushels on a 20-mile trip in two hours and return in two hours, making two trips per day over good roads.

At a recent meeting of the Grain Growers in Saskatchewan, when this fact was pointed out to them, many got busy with pencil and paper, and soon figured out where they could save the price of a truck in one season.

Minard's Liniment used by Physicians

New Alberta Bank

Application is being made for the incorporation of the "Bank of Alberta" with headquarters at Edmonton. A capital of \$2,000,000 is proposed, largely to be subscribed to by the farmers of the province, and branches will immediately be opened at Edmonton and at Calgary.

Applied
After Shaving

Keeps the Skin Soft and Smooth

MANY men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and such ailments as Barber's Itch and Eczema are cured.

60 cents a box, all dealers, or Edmonson, Bates & Co., Ltd., Toronto.

Dr. Chase's
Ointment

Wonders of Wireless

But Mars Declines to Talk to This Planet

The message from Mars, for which Dr. Frederick H. Miller, noted scientist in wireless, searched interstellar space from his giant receiving plant near Omaha, Nebraska, did not materialize. If there were such a message passing through the ether for the fifty millions of miles which separates the earth and Mars it did not come sufficiently close to the earth to be picked up by the great receiving station which Dr. Miller has established on the banks of the Platte River.

For nine hours Dr. Miller and his assistant, L. H. Gamor, searched space for the signals which Mars is thought to be sending earthward.

The first half of the night the wireless instruments were badly interfered with by static. Through the delicate receiving instruments came the crackling of lightning and other electric sounds to such an extent that no signals anywhere could be received.

The receiver was gradually tuned to its full length of wave. Starting at a short wave, its capacity was gradually increased. As its radius was extended the world's wireless business was picked up.

First a school station in Kansas was talking. Next Hawaii was picked up, sending to San Francisco. Then Berlin was heard calling the city of Mexico. Again a station on the coast of Venezuela sent a message to Madrid, then Valparaiso talked with London.

Through and past all these zones, Dr. Miller tuned his receiver until all sounds had ceased. He was in the infinite. Back and forth his apparatus flashed, his range length receiver running the gamut from 16,000 to 300,000 and more. But not a sound came from the waves after the earth zone was past.

The scientists kept this up until daylight. Then Dr. Miller issued the following bulletin:

"The early part of the evening we were troubled with heavy static, so that it was impossible to hear anything except static in South America, Europe and the United States. During the latter hours of the night, when the wireless was stretched to its fullest extent to hear interplanetary communication, we heard nothing that could be construed as a message from Mars."

Bulletin on Bee-Keeping

Published by the Manitoba Department of Agriculture

At present a great many people in Western Canada are enquiring as to where they can purchase bees, declaring their desire to take up the bee-keeping industry. To assist all such, who all admit may be interested, the Manitoba Department of Agriculture has published a new 24-page illustrated bulletin entitled "Bee-keeping in Manitoba." This bulletin is written by M. Muecke, B.S.A., special lecturer in bee-keeping, who has had many years experience in bee-keeping in Manitoba, and has had a wide opportunity, in connection with his departmental activities, of observing the beekeeping possibilities of all parts of the province. A free copy of the bulletin may be had on application to the Publications Branch, Manitoba Department of Agriculture, Winnipeg.

Survey of Physicians

In a survey prepared by the Faculty of Medicine of the University of Toronto, in connection with the prospective gift of \$5,000,000 from the Rockefeller Foundation for Medical Research in Canada, it is shown that Toronto has one doctor to 567 of population; London, Ont., one doctor to 711; Hamilton, Ont., one doctor to 730; Ottawa, Ont., one doctor to 740. Ontario leads in the roll call of provinces with one doctor to 766 of population. British Columbia comes next with one doctor to 965; Nova Scotia is third with one doctor to 1,098; and Manitoba, fourth, with one doctor to 1,146.

Keep Minard's Liniment in the House

In Thibet the people salute their superiors by taking off their hats and thrusting out their tongues three times.

Western Horses for Ontario

The undersized horses of the Alberta ranch find a ready market in Ontario, according to the manager of the horse department of the Union Stock Yards, Toronto, who is looking into the supply of this type of animal in the west. The horse of under 1,500 pounds, no common on the range here, and of late years found undesirable on a breeding standpoint is eagerly picked up in the eastern province, he states.

Seager Wheeler is Honored

Queen's University has conferred the honorary degree of Doctor of Divinity on Rev. C. S. Young, of Saskatoon, and the degree of Doctor of Laws on Seager Wheeler, Rosthern, Sask.

DELICATE GIRLS MADE STRONG

Rich, Red Blood Needed to Keep Up Their Vitality

If growing girls are to become well developed, healthy women, their blood supply must be carefully watched. Moreover, it is not enough that they be settled moods or the various troubles that tell of approaching womanhood. It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular exercise. But a lack of appetite, and tired, aching limbs tend to hinder progress. To save the weak, the blood must be renewed. It has new, rich, red blood and nothing meets a case of this kind so well as Dr. Williams' Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and aid in the assimilation of food. They build up strength and transform anemic girls and women into cheerful, happy people. Among the thousands who have obtained new health and strength through the use of Dr. Williams' Pink Pills is Miss Violet Booth, Glenora, Ont., who says:—"For a long time I was in a very run-down condition. I was pale, breathless at the least exertion, and could hardly do any housework without stopping to rest. I often had severe headaches, and my appetite was poor and feeble. One day I read in the morning paper without getting the least bit rested. I had tried several medicines, but did not get benefit from anything until I began the use of Dr. Williams' Pink Pills. When I had taken two boxes I could go on my errands, and after taking six boxes I found my health fully restored. I feel altogether different. I don't get tired the way I used to. I strongly advise them for all weak, run-down people."

If you are weak or ailing in any way, avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford, and you will soon realize the joyous relief in regained health. These pills are sold by all dealers in medicine, or may be had by mail for 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Settlers in B. C.

Handfuls of settlers are expected to enter the Nechako Valley in the spring, and it is reported that many concerns controlling thousands of acres in the section have pooled their interests. They expect to have many acres under crop next season.

CHILDLESS WOMEN

Please Read This Letter And See What Normal Health Will Do For You.

Berwick, Ont.—"I had organic trouble, and after taking Lydia E. Pinkham's Vegetable Compound and Blood Medicine all my troubles were cured. I was made strong and well and have been ever since. Now we have a fine baby boy six months old, and I know that I would not have this baby and would still be suffering if it had not been for your remedy in my husband and myself say that your remedies are worth their weight in gold, and I recommend them to my friends. One of my aunts is taking them now."—Mrs. NARVELL LAYTON, Berwick, Ontario, Canada.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published in these columns.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Lake Windermere Camp

New Resort to be Opened on Shores of Lovely Lake in Rockies

There will be opened to tourists this summer, a new resort of rustic design in the Canadian Pacific Rockies on the sandy beaches of Lake Windermere, the loveliest warm water mountain lake in British Columbia.

Lake Windermere is situated about 170 miles south of the main line of the Canadian Pacific and is reached from the main line at Golden, the station being Lake Windermere.

The scenery of this region, combining as it does pastoral softness with rugged mountain grandeur, will attract visitors from all parts, and become a favorite playground.

The summer visitor will find here everything that he could wish, bathing, boating, riding on mountain ponies to great Canyons and Glaciers, golf, automobileing, fishing and big game hunting in season.

The Canadian Pacific are erecting a number of cabins fully equipped with the conveniences of the modern home, which will be opened July 1st. Community hall for dancing and social recreation.

An auto road from Banff is in the course of construction by the Dominion Parks Board.

How's This?

We offer \$100.00 for any copy of catarrh that cannot be cured by HALL'S CATARRH MEDICINE.
HALL'S CATARRH MEDICINE is taken through the nostrils and cleanses the blood on the mucous surfaces of the system.
It is the only medicine that cures catarrh in forty years.
Price 75c. Testimonials free.
J. J. Cheney & Co., Toledo, Ohio.

Cold-Proof House

House Has Been Built to Keep the Cold Out and the Heat In

A house has been built in Saskatchewan on the refrigeration plan, so that whereas a refrigerator keeps the cold in, the house has been built to keep the cold out and the heat in. It has been so successful during the last winter that it may be said to merit the term "cold-proof". The owner is Mr. H. Gavlin, a refrigerator engineer.

The house was built of cement and concrete, and there should be no means whereby the warm air in the house could travel up the walls, and escape through a crack or down the inner surface of the outer wall, and so lose its heat. To this end the walls were so built as to eliminate air pockets of appreciable size. The house had a concrete basement, and here again the builder took care that the cold air would not leak into the house.

It must not be thought that the house was hermetically sealed, for it has 43 windows to the nine rooms. But there are only two entrances, one in the front and one in the rear. During the winter the house was heated throughout by electricity, without undue expense.

New Gold Discovery

Gold has been discovered on Snake Creek, eight miles north of Okotoks, and 20 miles south of Calgary. Prospectors have been flocking to this locality, and many miles of claims have been staked. A sample analysed by the Calgary city chemist assayed \$18.50 to the cubic yard of sand.

The North Sea takes the drainage of a quarter of Continental Europe besides that of half of the British Isles.

Farm Women's Institutes

The Alberta farm women's institutes are now the second largest in the Dominion, with a membership of more than 13,000. During the year 1919, 32 branches were organized in the province making a total of 205. Activities include classes in cooking, sewing, canning, etc., and the undertaking of relief work.

"Gosh! How my back aches!"

After grip, flu or cold, the kidneys and bladder are often affected—called nephritis or inflammation of kidneys.

This is the red flag danger—best to be wise and check the further threats of kidney disease by obtaining that wonderful discovery of Dr. Pierce's Kidney and Bladder Cure, known as Anuric Tablets, because it expels the uric acid poison from the body and restores the blood to its normal condition in minutes and joints.

Naturally when the kidneys are diseased the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in the formation of "bags" under the eyes.

Send for the trial box of Anuric Tablets, Dr. Pierce's Kidney and Bladder Cure, to Dr. Pierce's Medical Laboratory, Bridgeport, N.Y. "Pierce's Cure"—"I was troubled with rheumatism in the right limb and hand for several years and lately in the left shoulder. The only way I could lie was on my back, but that great difficulty to sit down and move to get up. Recently I had a very severe pain in my back. I have taken Dr. Pierce's Kidney and Bladder Cure several times with the most beneficial results. I am now able to give my Anuric Tablets a trial. This pain in limb and shoulder has stopped entirely and in right hand it is very slight and getting less all the time. I can now sit up without pain and without the least discomfort or pain. I certainly will recommend it to all who are troubled with kidney disease. I have tried them all.—Graham Moore, etc. Duke and Washburn."

DON'T RUN ALL OVER TOWN

when you want Lumber or Building Material, but come straight to our yard, where we'll show you the largest, most complete and up-to-date stock you ever laid your eyes on.

It will be no use of you going any further with the hope of beating our prices or qualities. You can run all over town if you like, but you'll only go further and fare worse.

A square deal for a round dollar, and a dollar's worth of usefulness for every dollar of price, is what you get when you buy your Lumber and Building Material from us. And what more can any man ask?

Paint, Coal, and Fence Posts always on hand.

NORTH END LUMBERYARD, Ltd.

J. BENSON, Manager.

DIDSBURY,

ALBERTA.

Mrs. Norman Clarke and Mrs. McCoy were Calgary visitors over the week end.

We remember hearing, when we were a kid, an evangelist say that

those who rode bikes on Sunday were 'riding into hell on a bicycle'. We wonder if people are now using autos instead of bikes on account of making a quicker trip.

AROUND THE TOWN

C. Johnson, of Vancouver, has opened a barber shop in the office of the Rosebud Hotel.

The new tennis court was completed the first of the week and playing has commenced. The club has a very good double court and "love-fifteen" will soon be very familiar, though we see no reason for a fellow loving so many.

Lee Sanderman went to Calgary Tuesday to bring back a new Overland.

On Mr. Alexander's bill of sale we omitted to mention one almost new stock saddle which will be sold at his residence on Saturday, May 22nd.

The meeting of the St. Eloi branch of the Women's Institute was held on May 6, at the home of the president, Mrs. R. J. Hog. Tea was served and a pleasant afternoon was spent. The next meeting, June 2, will be at Mrs. R. H. H. H.; also a special meeting at the Eliton school May 21st, at 3:30 p.m.

Where is Elkton? Twenty miles west of Didsbury. There is something coming off there. When? July 30. What is it? Wait and see.

Mr. and Mrs. "Bob" White left Tuesday for Calgary. Mr. White having resigned his position with A. G. Studer.

Mr. W. O. Zimmermann of the Hub Grocery paid a short visit to Calgary at the beginning of the week.

Tom Stark, a Didsbury old-timer now of Drumheller, was in town for a short time on Tuesday on his way to visit his mother, who has been in the Calgary hospital for some time. Mrs. Stark's many friends in town and district will be sorry to learn that she has to undergo another serious operation.

Waiter Was Chosen from 300 to Play Lincoln in Movies

WANTED—A man who looks like Abraham Lincoln without the beard.

This advertisement inserted by the famous Players-Lasky Corporation in the New York newspapers brought immediate responses. In all, some 300 people believed they were the exact counterparts of the great Emancipator. The object of the ad was to secure a man to portray Lincoln in the motion picture version of Augustus Thomas' great play, "The Copperhead," which is coming to Didsbury Opera House Saturday, May 22nd.

The final selection settled upon N. Schreiff, whose normal occupation is that of waiter in a Broadway cabaret. Schreiff's remarkable resemblance to Lincoln had attracted attention long before he had any motion picture aspirations. He is six feet four in height, has a swarthy complexion, wide mouth and steel blue eyes. His features are identical those of the rugged faced president. Schreiff has never before been before the camera, but he has appeared in several stage productions. His experience in "The Copperhead" has not enthused him with the idea of starring in the movies and every evening during the filming of the picture he donned his "soup and fish" and resumed his duties as waiter.
